

The carer's emergency card can give a little extra peace of mind by making sure the best arrangements are in place to support the person you're caring for, just in case the unexpected happens.

Who are the cards for?

If you answer Yes to the following, you can register for the emergency card:

- you provide regular unpaid help and support for a relative, partner or friend who cannot manage on their own
- the person you care for lives in Edinburgh, but you don't need to
- you are an adult carer or a young carer.

How can I apply?

Please contact us on **0131 200 2336**. We can take your details on the phone to register for the scheme or we can send you a Carer's Emergency Card registration form.

More information is also available at www.edinburgh.gov.uk/emergencycard
